

DDD-PI-019

TO: DD Service Providers

FROM: Sandi Noble, MSW, Director  
Developmental Disabilities Division

DATE: October 25, 1990

SUBJECT: CARF Expenses

It has come to the attention of the DD Division that some provider agencies are seeking CARF accreditation for programs and services other than those contracted for by the DD Division. NDAC 75-04-01-15, "Licensing of Programs and Services for Persons with Developmental Disabilities" addresses ACDD as the accreditation required by DD licensed providers.

In order that there be no confusion upon audit, this communication is to inform you that CARF accreditation expenses will be viewed as non-allowable expenses in the rate setting process for DD services.
